EDUCATION

SCHOOLING

- SRI AUROBINDO INSTITUTE OF EDUCATION – ICSE – 94%
- SRI AUROBINDO INSTITUTE OF EDUCATION – ISC – 84%

UNIVERSITY

- NARULA INSTITUTE OF TECHNOLOGY – (AUTONOMOUS UNDER MAKAUT) – CGPA – 8.45

2022 – 2026
TILL 3RD YR.

INTERNSHIP EXPERIENCE

GLOBSYN TECHNOLOGIES – *student intern*; Sector V, Kolkata 700 091.

July 2024 – September 2024.

- Internship and project making on Data-Science & Machine Learning using Python

EUPHORIA GENX TECHNOLOGIES – *student intern*; Sector V, Kolkata 700 091.

June 2025 – August 2025(Expected).

- Internship and project making on AI & Machine Learning using Python deployment using Cloud technologies

LEADERSHIP EXPERIENCE

Managing Django App demonstration with a group of six members during university training programs, headed the full stack development of Library Management system for software engineering course.

SKILLS

- **Communication Skills** in fluent English, and Native Languages.
- **Domains:** Data Analysis | Data Structures | Machine Learning | Full stack Development | Competitive Coding | Database Management System | Prompt Engineering.
- **Languages:** C | C++ | Python | Java | HTML | CSS | JavaScript | SQL | NoSQL (MongoDB) | SAP ABAP cloud Programming
- **Libraries:** NumPy | Pandas | Matplotlib | Scikit-Learn | Django Frameworks | React | Express & more.
- **Proficient with** Jupiter Notebooks, SAP web Gui, Anaconda navigator, GitHub, git, vscode, Linux(Debian), AI tools.

PROJECTS

- **Machine Learning Project**
EDA on Mobile Brand Sales Dataset and Selling price prediction using and evaluation of different ML algorithm.
- **Online Modern Library Management Project**
Full stack development and deployment of a responsive online modern library management system using frontend and backend technologies and integration with cloud-based database for functionalities.
- **Portfolio Project**
Using Typescript and tailwind to Develop a modern portfolio.
- **AIML Project**
(Project on-going).

CERTIFICATES

- Responsive Website Development and Design Capstone, University of London, Platform Coursera.
Certificate link: [Certificate Link](#)
- Object-Oriented Data Structures in C++, University of Illinois, Platform Coursera.
Certificate link: [Certificate Link](#)
- Data Structures and performance University of California San Diego, Platform Coursera.
Certificate link: [Certificate Link](#).
- Learning the Basics of ABAP Programming on SAP BTP, Platform SAP learning hub via SAP universal ID.
Certificate link: [Certificate Link](#)
- Getting Started with Artificial Intelligence, Platform IBM Skills Build.
Certificate link: [Certificate Link](#)
- Soft-Computing Techniques IIT Elite Silver, NPTEL.
Certificate link: [Certificate Link](#)
- Completed 30hrs Hands on training on Django & MongoDB with project, Platform Ardent Computech.
Certificate link: [Certificate Link](#) [Certificate Link](#)

ACHIEVEMENTS

- Project on waste management, organized by NSS unit in association with IE(I) student chapter, Computer Science and engineering, Narula institute of technology, position: 1st
- Technical Quiz Competition, Sci-Quest, 2K24, Narula Institute of Technology, Position: 3rd [Certificates Link](#)
